- 5. During the period from 25 July to 13 August, the Kleine Kaserne south of the Aug (N 51/K 53) Schneeberg road was occupied to capacity by about 1,500 troops who were black-bordered crimson epaulets. Up to 900 soldiers were daily observed engaged in training at the obstacle course; practicing offensive combat in groups and platoons; throwing hand grenades and engaged in athletics; including details of h to 12 men with rifles going toward Oberschlema to relieve the guard; and in platoons of about 35 unarmed men entering and leaving the installation. On 8 August, four companies each of about 150 men with rifles, submachine guns, light machine guns and heavy machine guns entered the installation, coming from the direction of Oberschlema, apparently from a field exercise there.
- 6. During the period from 25 July to 13 August, the Hochhaus administration building on the Aue-Schneeberg road was occupied by not less than 50 officers and an undetermined number of soldiers wearing blackbordered crimson, red-bordered black and black-bordered black epaulets. Each of the two entrances was guarded by a sentry with black-bordered crimson epaulots. About 200 men wearing black-bordered crimson and red-bordered black epaulets, some of them working on motor vehicles and some of them not engaged, constantly were in the yard of the Hochhaus. On 13 August, occupied by a general, two field black-bordered crimson epaulets grade officers and a drive entered the installation. 25X1 occupied by about 30 soldiers wearing black-bordered crimson epaulots including 5 or 6 with artillery insignia was seen leaving the installation. 25X1 25X1
